

Wadden Sea Board

**WSB 16
9-10 March 2016
Leeuwarden**

Agenda Item:	5.9 International Cooperation
Subject:	MoU Wadden Sea – Korea: Draft work plan
Document No.	WSB 16/5.9/1
Date:	23 February 2016
Submitted by:	Secretariat

Attached is a draft work programme of the MoU for the time period 2016 – 2018 which covers five main topics as presented at the WSB 13 (January 2015).

The work will be carried out within the MoU core budget, the IWSS budget and the proposed Supplementary Budget 2016 (for specific activities not covered by the core budget).

Proposal: **The meeting is invited to endorse the draft work programme 2016-2018.**

MoU Wadden Sea Korea - Draft work programme 2016 - 2018 (version 23 February 2016)

The draft work programme was prepared cooperatively by the CWSS, the Korean Marine Environment Management Corporation (KOEM) and the Ministry of Ocean and Fisheries (MOF) in 2015 and focused on five main topics as presented to the Wadden Sea Board (WSB 13, January 2015). The draft programme will serve a framework for the MoU activities and will be further developed as appropriate.

1. Policy and management

- Exchange of experience on management issues
 - o marine spatial planning
 - o restoration projects,
 - o adaptation to climate change,
 - o exchange of reports and publications,
 - o participation at workshops and conferences, also internationally
- Focus 2016: Korean-Wadden Sea Workshop on the occasion of the World Wetlands Day (in Korea on 19-20 May) including on MoU event. MOF will invite CWSS, Bird expert, and IWSS.

When	Where	What	Result	Target Audience	Impact	Who
19 – 20 May 2016	Korea	Workshop on policy and management of coastal migratory bird	Workshop Report	Policy makers and site managers	Enhanced information exchange, expert network	MOF
